

LAMATON • 1968

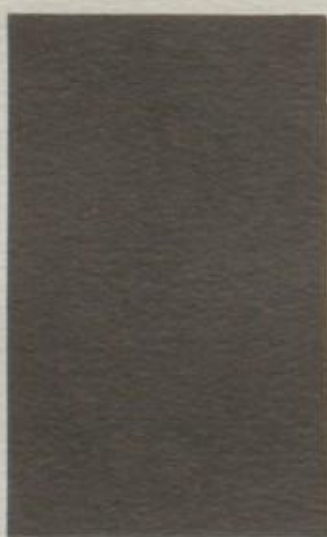

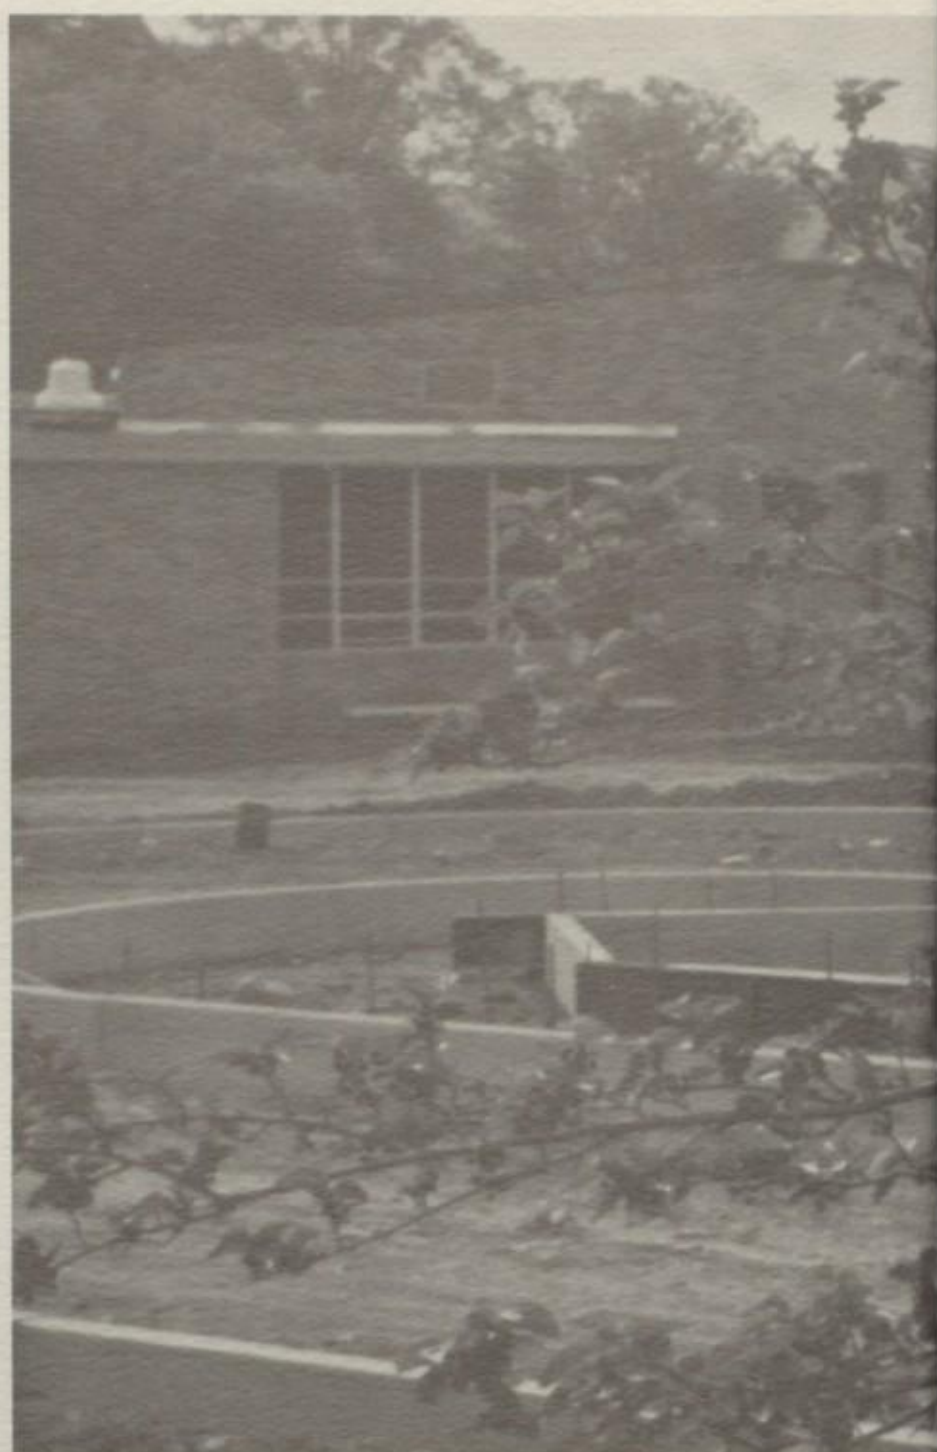

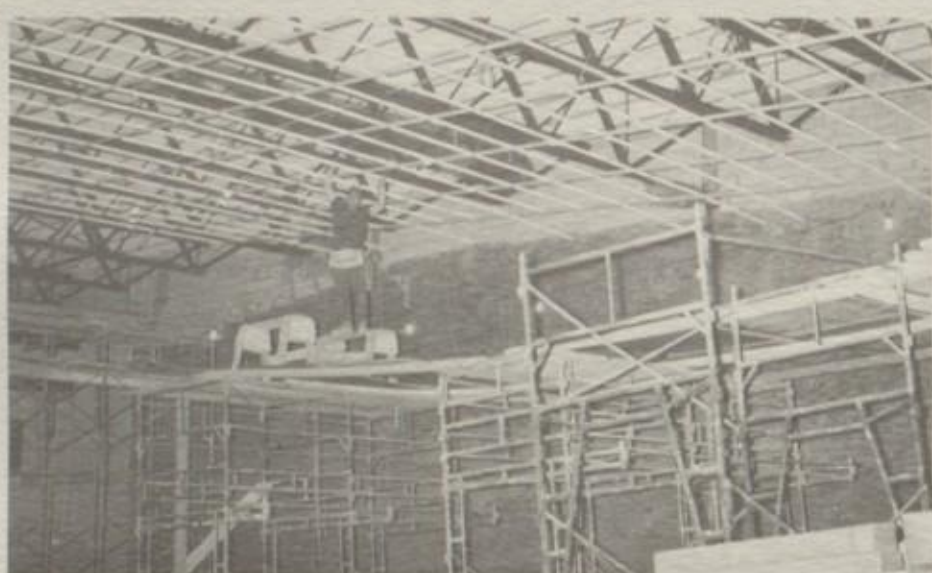

The planning is over — a school has been created. Students, teachers, and administrators alike worked hard to make Warren Hills Regional Senior High School a reality. A common goal — to make Warren Hills go — has united us and will unite the classes which will succeed us. The work has not ceased, nor will it ever.

LAMATON

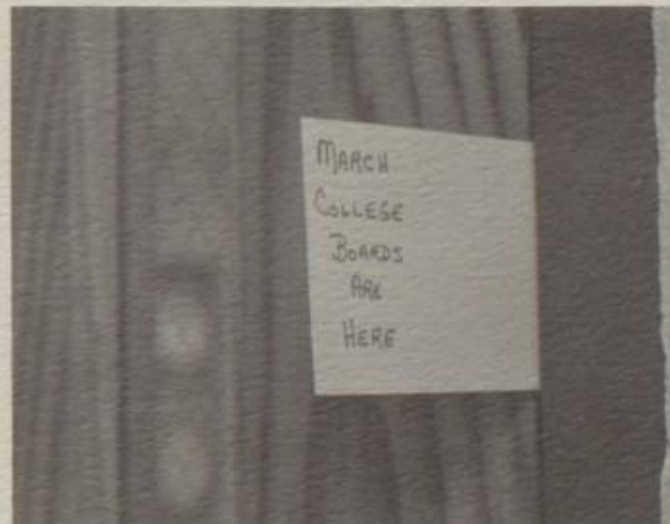

A Dream Becomes Reality . . .

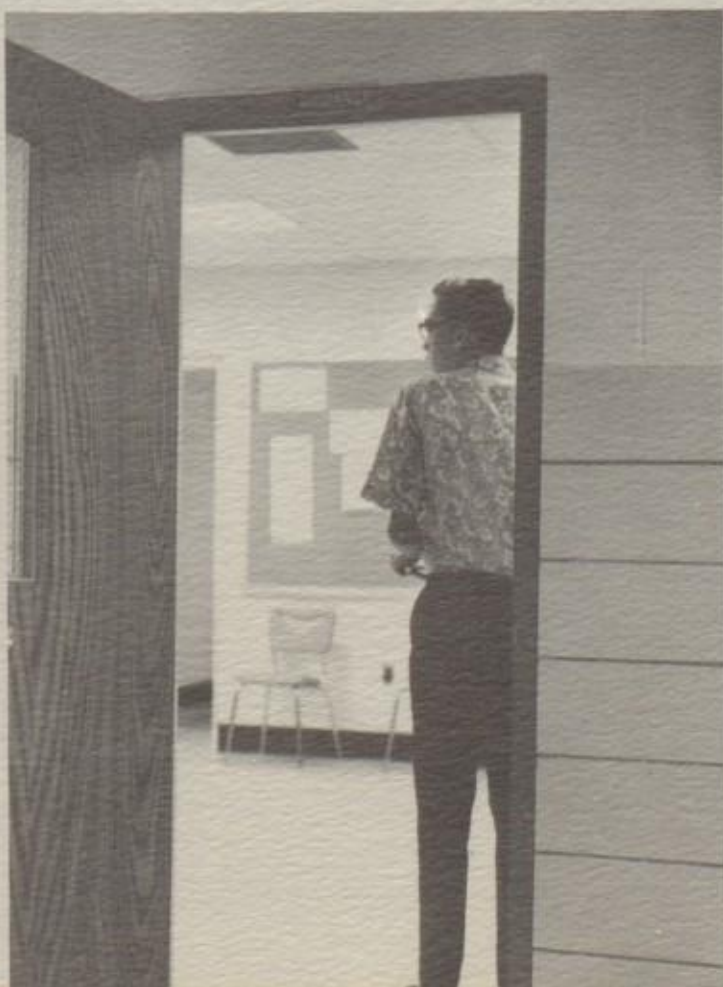

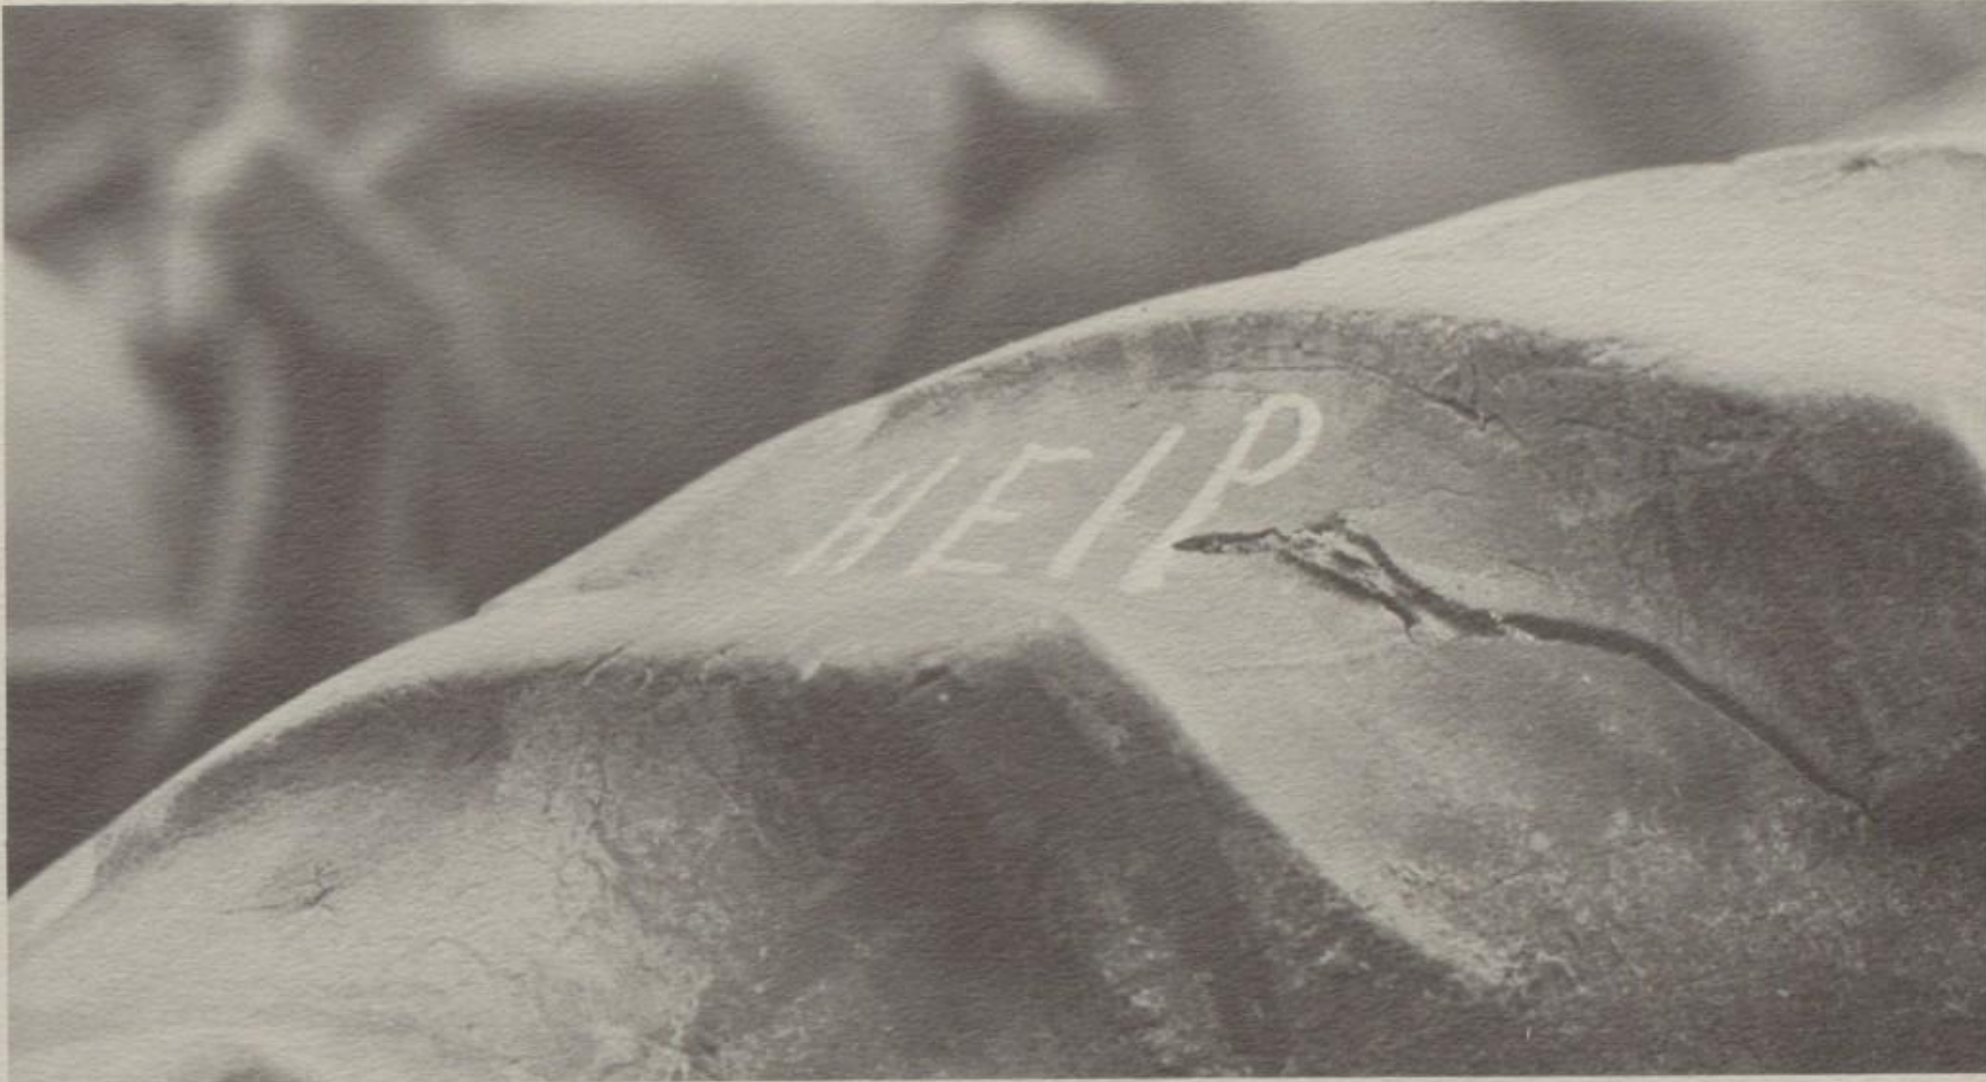

A New School System Is Born

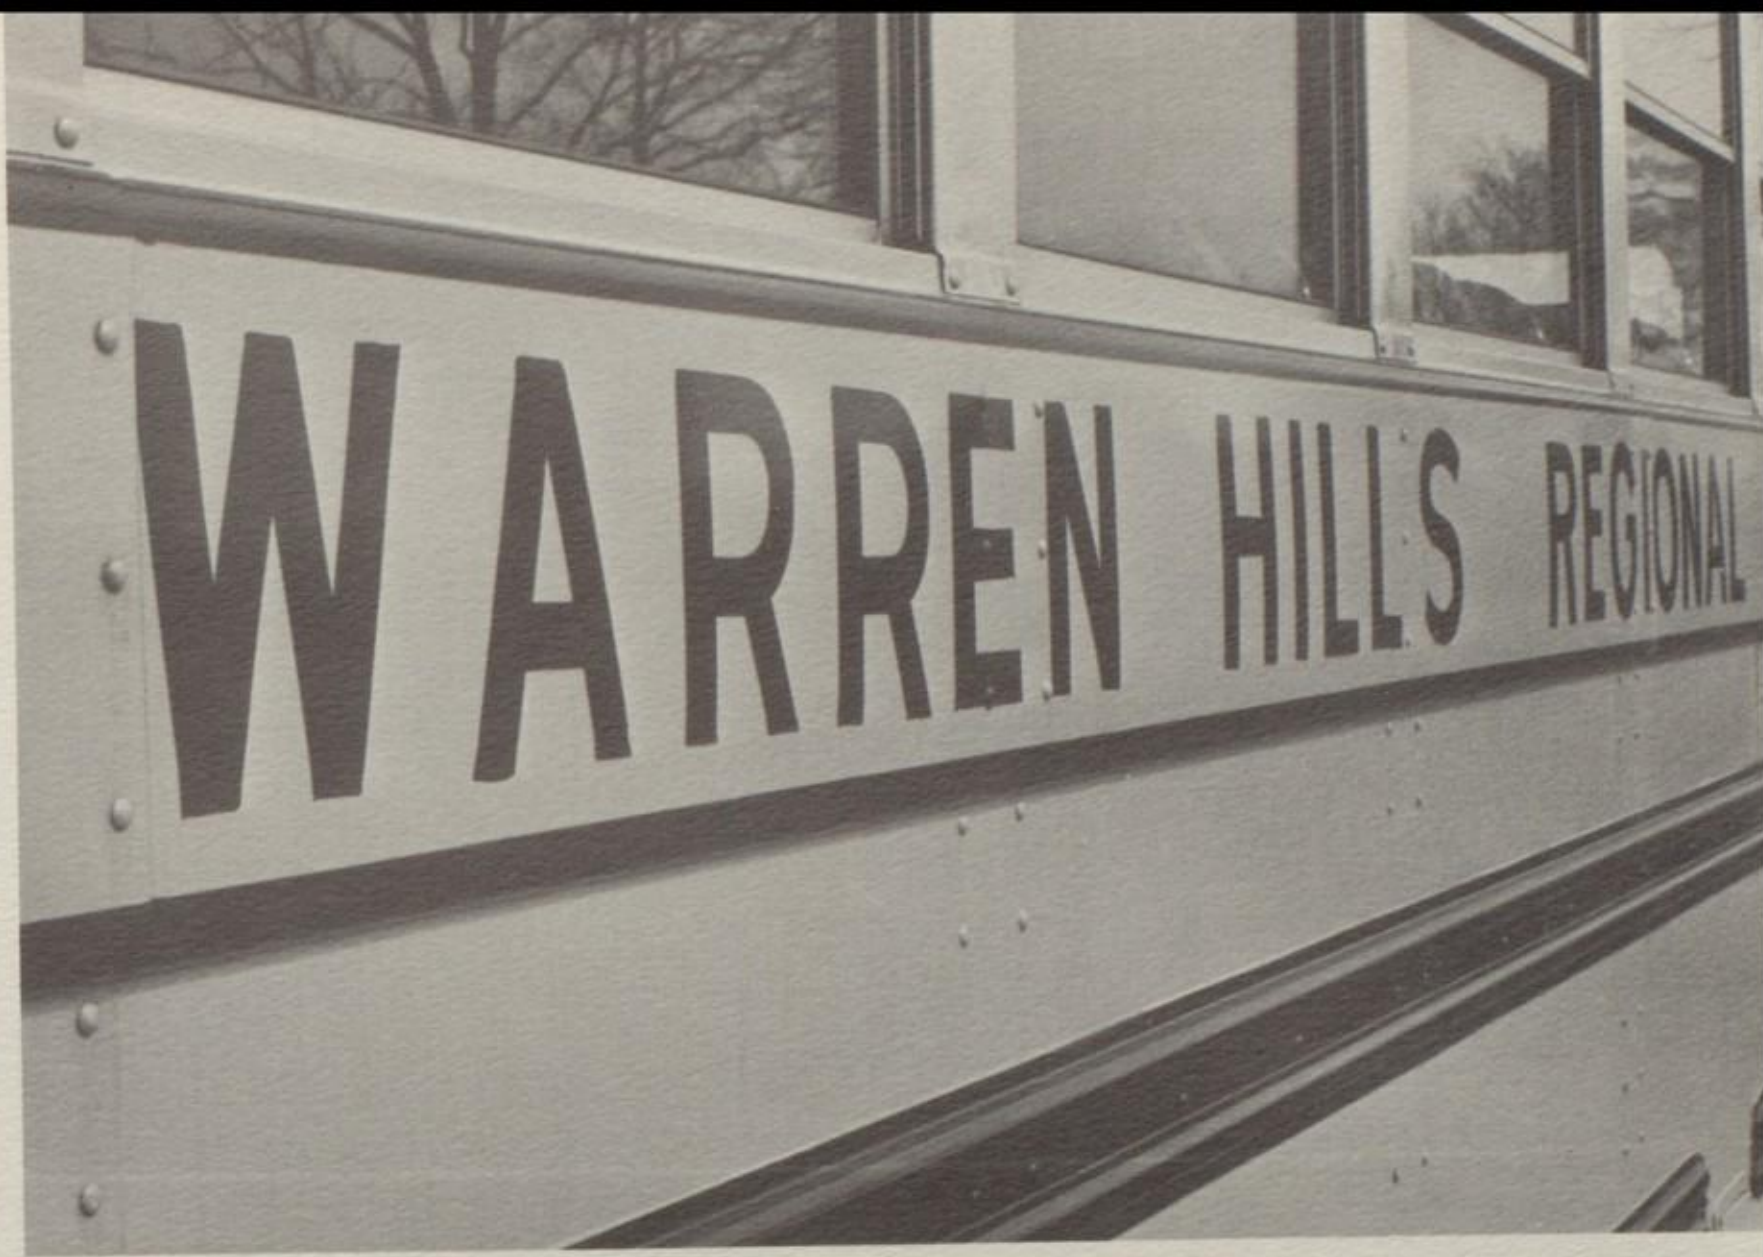

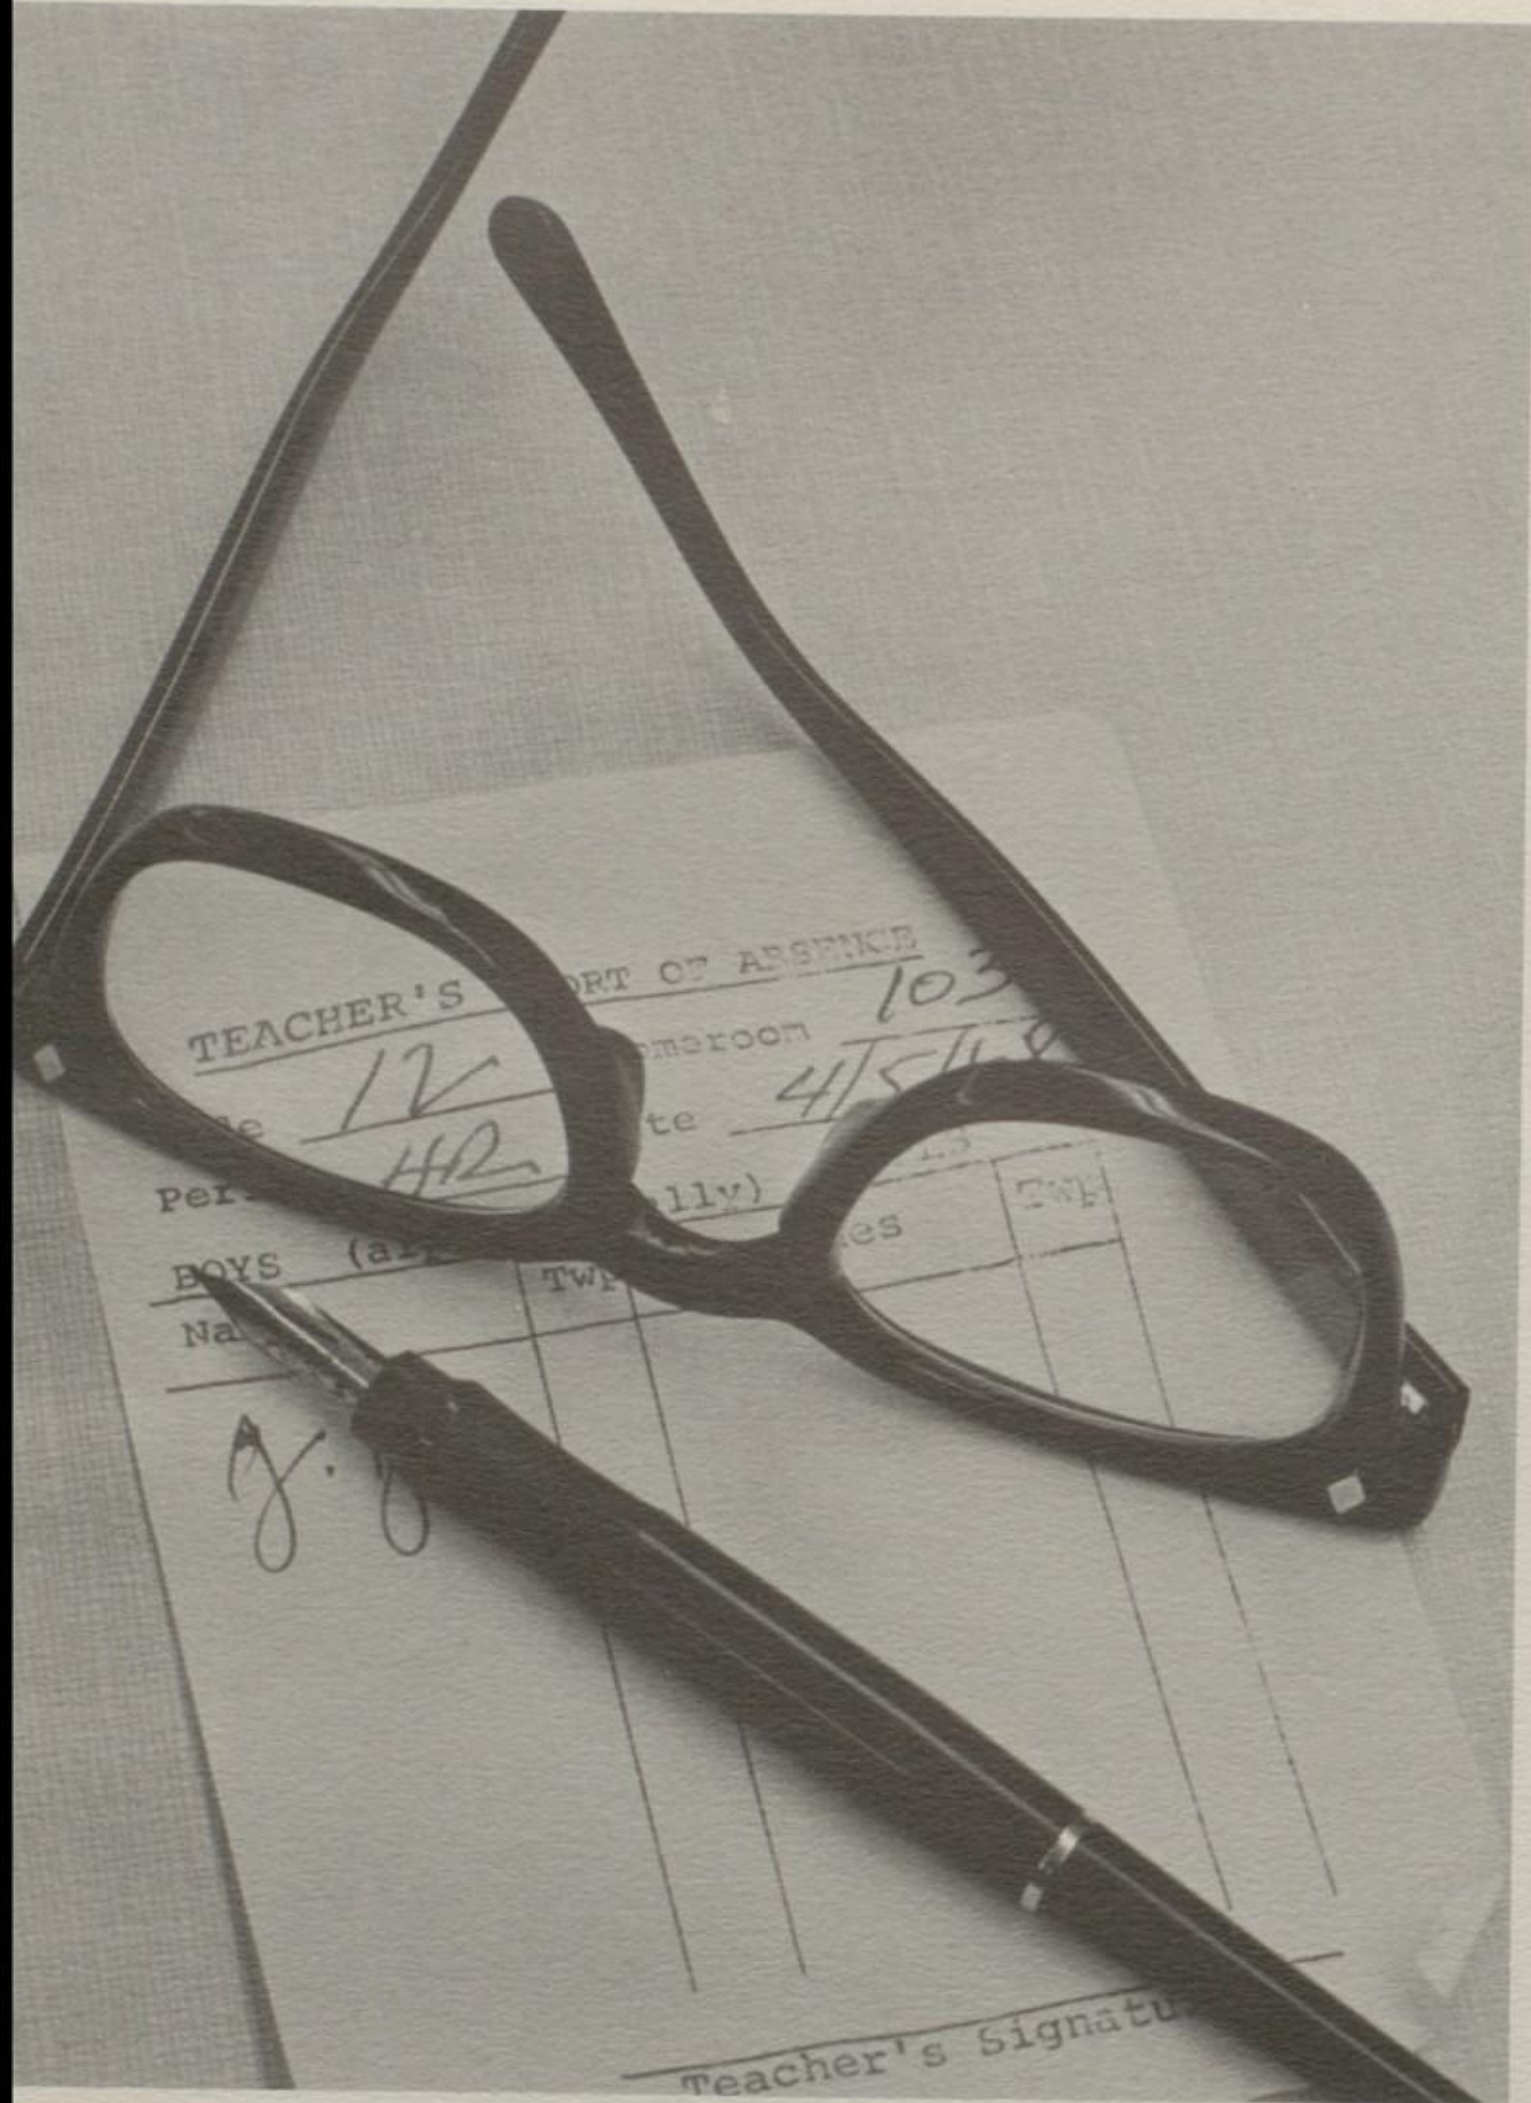

Confusion Reigns For A Short Time, But . . .

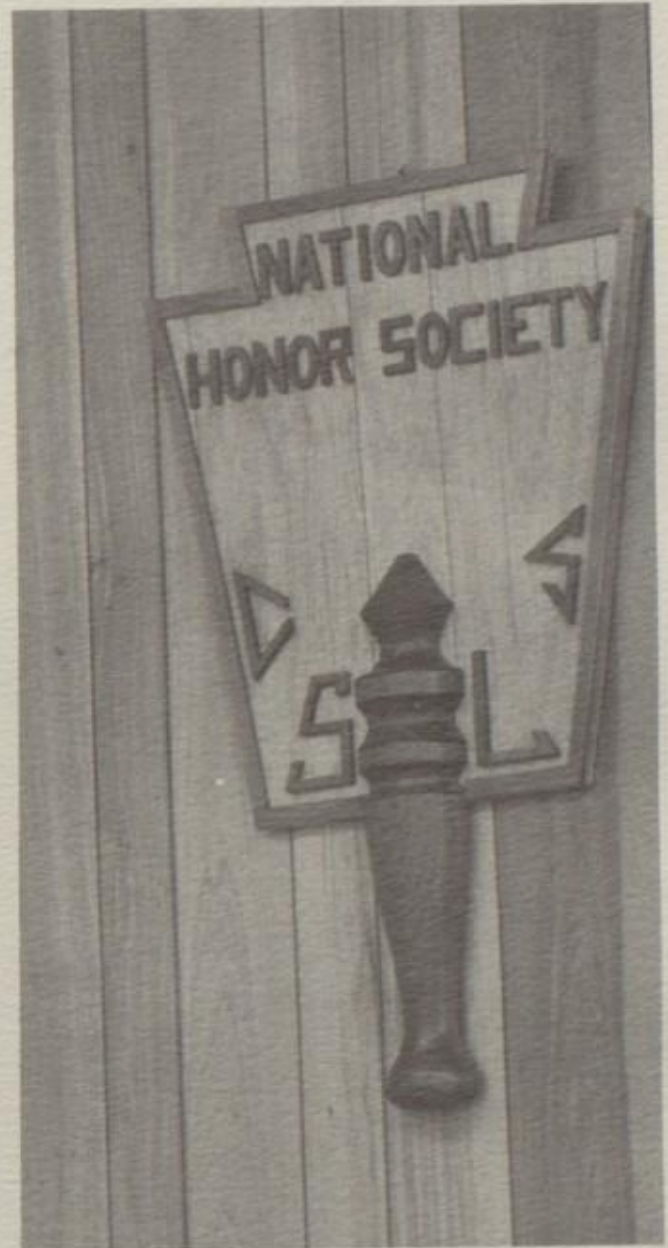

From Chaos . . . Order

Unity — Harmony — Production

Common Goal — Varied Approaches

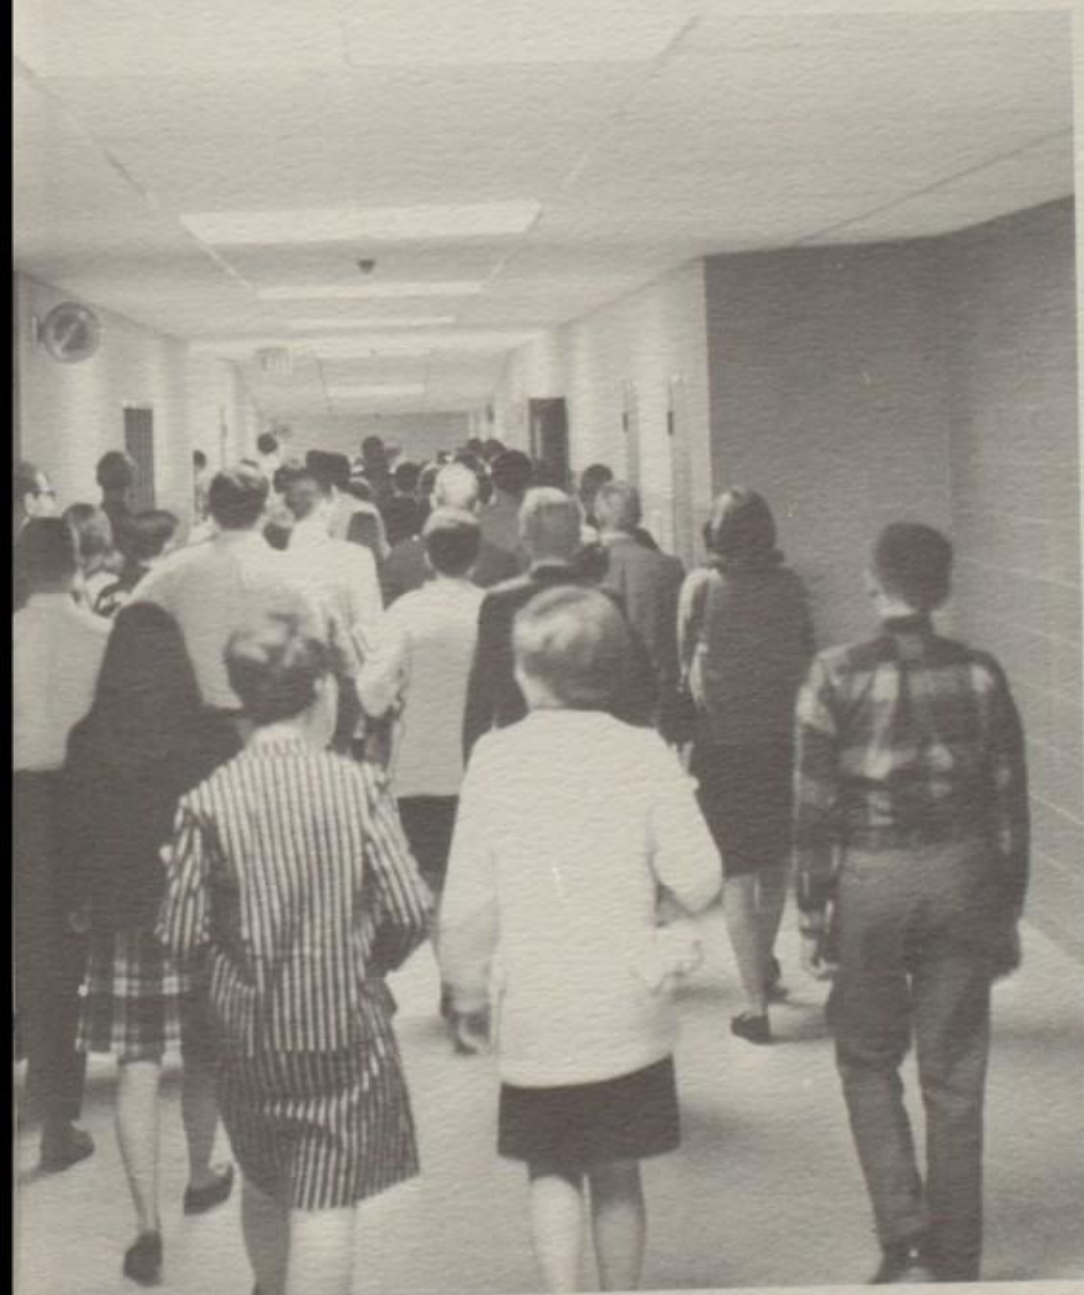

As the first graduating class, we have helped set the pace and the traditions of our new school. We have united Warren Hills Regional in friendship that will not end with graduation.

Getting a school system to run smoothly is not an easy job. Many long hours of work were spent preparing for opening day — many hours were spent in cramped quarters before the regional office could be moved into its new quarters in the high school . . .
